A Global Spotlight for You

Fastmarkets Battery Raw Materials Shanghai 2026 Conference brings China's most influential producers, policymakers and technology leaders together with international buyers, investors and market strategists. This is where opportunities are identified, partnerships are built and strategies with global impact take shape.

You will capture attention and build relationships that deliver results, raising awareness of your business with decision makers who influence pricing, procurement, investment and innovation across the entire battery raw materials chain.

With 400+ senior decision makers from 20+ countries, including miners, battery manufacturers, automotive companies, investors, technology providers, government officials and market analysts, this is the rare opportunity to meet the people shaping the future of the industry.

Now is the time to put your name front and centre at the most influential battery raw materials event in China.

More eyes on you

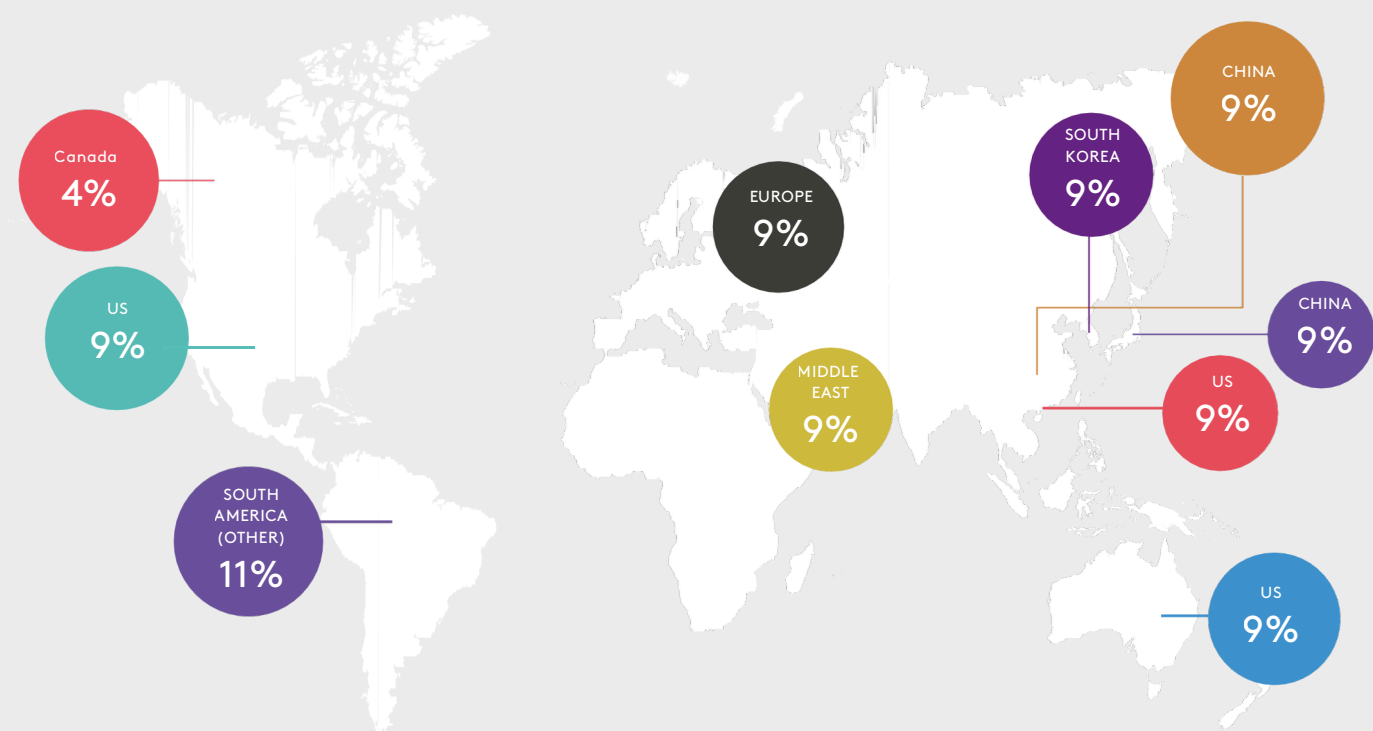

With a growing and highly senior audience, this world class event continues to expand to meet rising demand from suppliers eager to connect with China's dynamic battery raw materials supply chain.

For you, that means greater brand visibility, more opportunities to engage with decision makers, and more space for the business meetings that matter. This is the annual gathering for buyers, policymakers and senior leaders from across the global and domestic value chain. It is an event you need to be at — and be seen at.

How Fastmarkets Events Work for You

Our events support sustainable commodity markets growth by connecting key industry buyers, sellers, and traders. What's more, you get expert forecasts and insights to stay ahead of the market and your competition.

We find out exactly what you need from your sponsorship and meticulously plan to deliver tangible results.

“Excellent program with many informative presentations covering all the important aspects of the developing lithium and battery markets. We just have to attend and sponsor again next year!”

Managing Director, JordProxa

Benefits of sponsorship

- Brand recognition: We'll put your company in the spotlight so that influential delegates associate it with industry excellence and innovation.
- Global reach: Gain extensive pre and post-event exposure with over 15,000 worldwide contacts.
- Industry influence: Direct access to 400+ decision-makers gives you shortcuts to critical connections.
- Enhanced networking: Sponsors enjoy greater visibility and credibility, helping you build relationships with existing and potential clients.
- Return on investment: This event gives sponsors tangible returns through high-value connections and visibility.

What our customers say

"Every company that matters were there. Perfect for knowledge gain and sharing. Well organized. Efficient time management and slick presenters."

CMO, Terra

If I can recommend one conference that you must join, then it is a Fastmarkets Conference."

Purchasing Director, Umicore

Fastmarkets has grown beyond expectations in terms of numbers and breadth of subject matters. Going forward, Fastmarkets will continue to be a priority for our company for industry updates and networking with friends and colleagues of the global battery raw materials family."

CEO, LithiumSprings

Great speakers and great opportunity to network and meet people involved with all aspects of the industry."

Director, Invesco

The conference was an informative and valuable networking event that allowed access to the latest industry views, developments and trends that would not otherwise be readily available. It also allowed for relevant and pertinent networking discussions."

CEO, Tianqi Lithium Energy Australia

Global Company List

An influential audience

This sample of companies gives you a snapshot of the companies and job titles already signed up to attend the 2025 conference – including miners, producers, OEMs, investors, policymakers and more.

“The conference is the event of the year where supply, demand and the future meet.”
